CONSULTING GROUP, LLC

SCREENING PROVIDERS

Offer Your Clients Customized Drug Testing Policies.
HERE'S HOW.

Compliant Policies Covering

- ▶ Medical Marijuana
- ▶ Recreational Marijuana
- ▶ CBD Oil
- ▶ Policy Purpose
- ▶ Specimen Types
- ▶ Testing Procedures
- ▶ Legal/Prescription Drugs
- ▶ Department of Transportation (DOT)
- ▶ Mandatory State Drug Testing Laws
- ▶ Workers' Compensation Denial/Reduction
- ▶ Unemployment Denial
- ▶ Workers' Compensation Premium Discounts
- ▶ ADA
- ▶ Prohibited Conduct
- ▶ Consequences
- ▶ Liability

Current Consulting Group's customized policies cover all of the applicable critical areas above and more.

Keeping Current.

- Every year hundreds of bills are introduced that could impact workplace drug testing programs in some way.
- Bills are passed every year pertaining to medical and/or recreational marijuana legalization, in addition to adjustments to existing marijuana laws.

Third Party Administrators (TPA)

Providing a template policy to your clients is no longer acceptable as a full service TPA. As an industry we hear time and time again from employers that they rely on you to provide best-in-class recommendations and full program administration. Customized policy service can not only provide your company with a broader Substance Abuse product portfolio, it strengthens your position in the market while making you a consultative partner to your clients. How many of your competitors can say that?

And...it is an easy way to increase revenue without any increase to staff or requiring a full time compliance expert on staff.

The How

- CCG can work with your clients directly or behind the scenes.
- Provides invaluable subject matter expertise on state drug testing laws and policy.
- Simple, easy to implement program that you can begin immediately.

CCG Partners

With our clients to market their services through co-branded fliers, co-hosted educational webinars and CurrentCompliance.org. We help you become a consultative resource to your clients in the fast-paced, ever changing drug testing industry.

We Make It Easy!

Let our professional consulting team show you how quickly and affordably we can begin providing customized policy services to your existing clients and help you win business by making it available to your prospective clients.

Compliance Services

SERVICE PROVIDERS

Leaving Your Customers Unfulfilled?

Drug free workplace programs require so much more than testing, but few screening providers offer all of the services their clients need for a compliant program.

Partnering with CCG lets you confidently say, "Yes, we can do that."

Training and Education

- CCG offers online, live remote, and on-site training that meets DOT regulations and non-DOT laws in all 50 states.
- Our online training portal can be custom branded and accessed through your existing client platform.
- With CCG's compliance services, your screening company transforms from "just a testing company" to a true compliance and substance abuse testing partner.

Mock Auditing/Assessment Services

Non-compliance is a costly mistake. To avoid big fines, it's essential for employers to regularly verify that their program is compliant. CCG delivers nation-wide, in-person "mock" audits for all DOT agencies and can assist employers with staying in compliance with documentation, logging, and reporting requirements.

In addition to CCG's well-known policy services and state drug testing law database, CCG provides the training required by the DOT and many states' DFWP requirements. Our Mock Audits can help to prevent fines and penalties, providing peace of mind for both regulated and non-regulated clients.

EXPANDED OFFERING

Partnering with CCG expands your Occupational Health service offering, increases revenue, and improves client engagement.

INDUSTRY LEADERS

With over 150 years of combined experience, CCG's tenured team of consultants provide services with the depth of expertise your clients have been asking for!

WE MAKE IT EASY

CCG's compliance services are simple to add to your product line. Launching the standard services requires no up-front investment.

Keep Current On Drug Testing Laws

IN ALL 50 STATES

State drug testing laws, marijuana laws, workers' compensation, and more.

CurrentCompliance.org is the most comprehensive and up to date database of drug testing laws. Our subscription packages are affordable for single-state small businesses as well as large, multi-national corporations. CurrentCompliance.org provides employers, laboratories, screeners, and TPAs with mandatory and voluntary drug testing requirements in all US states and territories, compliant with ADA and OSHA.

CurrentCompliance.org is user-friendly and answers all your compliance questions:

- State drug testing laws, marijuana laws, workers' compensation, and more.
- Single issue charts to compare dozens of drug testing topics state to state, from testing circumstances to laboratory requirements and beyond.
- Search tools for any state or issue.
- Access to CCG's webinars, publications, and updates on drug testing news and litigation—helping you to stay ahead of the curve on drug testing topics and trends.
